CHICAGO TRIBUNE says "One controversy we can do without" is the Kennedy-Manchester dispute. "Mr. Kennedy was young, popular and appealing, and he was the President of all Americans. But to hear a public clothesline fight dragged out as the issue over the Manchester book has been is no service to Mr. Kennedy's memory. The myth—for we believe that the late President will hardly qualify in the pantheon of the great—is bound to be sullied . . . No one emerges from this controversy with much credit. The book itself is mediocre and mawkish."

JACKIE KENNEDY'S LEGAL FEE was $75,000, which many think was quite reasonable.
